## Items to Bring

- Camera, extra film and binoculars
- Extra money for in-town dining
- Extra sweater and/or windproof jacket
- Daypack
- Sunscreen and sunglasses
- Bottle of water

## Clothes to Wear

Please be sure to dress for the weather as if going for a long walk/hike. Wear comfortable clothing and dress in layers. Running shoes, hiking shoes or comfortable flat sole shoes are highly recommended as you will be standing throughout your flight for over an hour. For the warmer months we don't recommend you wear skirts or high heels as you will be uncomfortable. You may also want to bring an extra sweater just incase you get chilly especially as the early morning and evening temperatures tend to drop in the Country. We strongly suggest bringing a camera and extra batteries (you'll need it!).
