

Directions to Your Dog Sledding Adventure

IMPORTANT: You must REGISTER for a date with the Office at 416-898-3573 or by using the Online Registration form. We do not accept walk in's/show ups as our space is very limited.

Your tour operator for this trip will be 'North Ridge Ranch Dog Sledding Adventures'. Hot chocolate and light snacks will be included but you are welcome to bring your favourite snacks if you like as well. We suggest that you have a hearty breakfast prior to your trip but give yourself some time to digest as well.

What to wear:

Please be sure to dress for the weather. The most important thing is to dress in layers. To prevent hypothermia dressing in layers is the best method as you can quickly and easily take off layers to cool down and put on layers to warm back up. The best combination is a long sleeve shirt, zipper sweater (fleece or wool is best) and winter coat waterproof shell. For pants you should wear snow pants or a pant material that is water and wind proof. Also make sure to dress in layers and it is a good idea to wear long johns to give your legs and buttocks extra warmth. Wool socks are highly recommended, be sure not to wear 100% cotton socks as your feet will/may sweat which will lead to your feet getting cold very quickly. No jeans or running shoes allowed. Other clothing should include a scarf, hat, mitts/gloves and hiking boots. For your shoes it should be a shoe that goes past the ankle, the warmer and winter like the better. Winter boots with insulation are the best. We also recommend for you to bring a blanket or an old sleeping bag so that you can sit on it or cover yourself when riding in the sled.

A daypack is also a good idea to bring so that you can place your extra clothing (for the ride back home to leave in your car), water bottle (1L minimum per person) and any other personal items necessary. Just please don't bring too much as the dogs and you will have to carry it. Items that you will not need like a change of clothes can stay in your car so you can change later. Don't forget your camera! =)

Directions:

From Toronto take HWY 400 North and follow the below directions. Should you need further assistance or if you get lost please call Brad at the Ranch - (705)788-2828

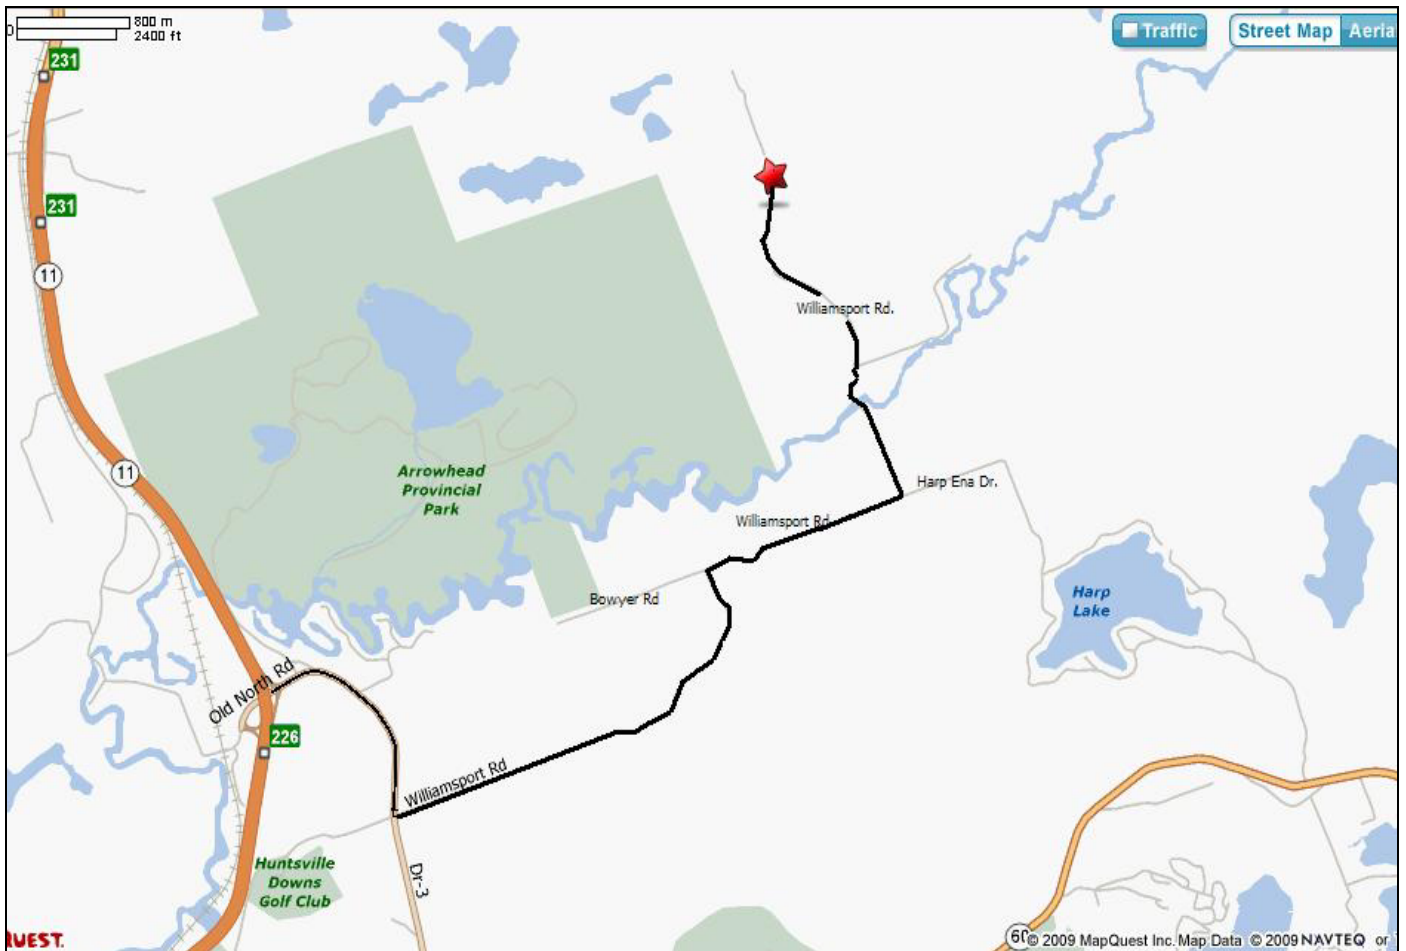

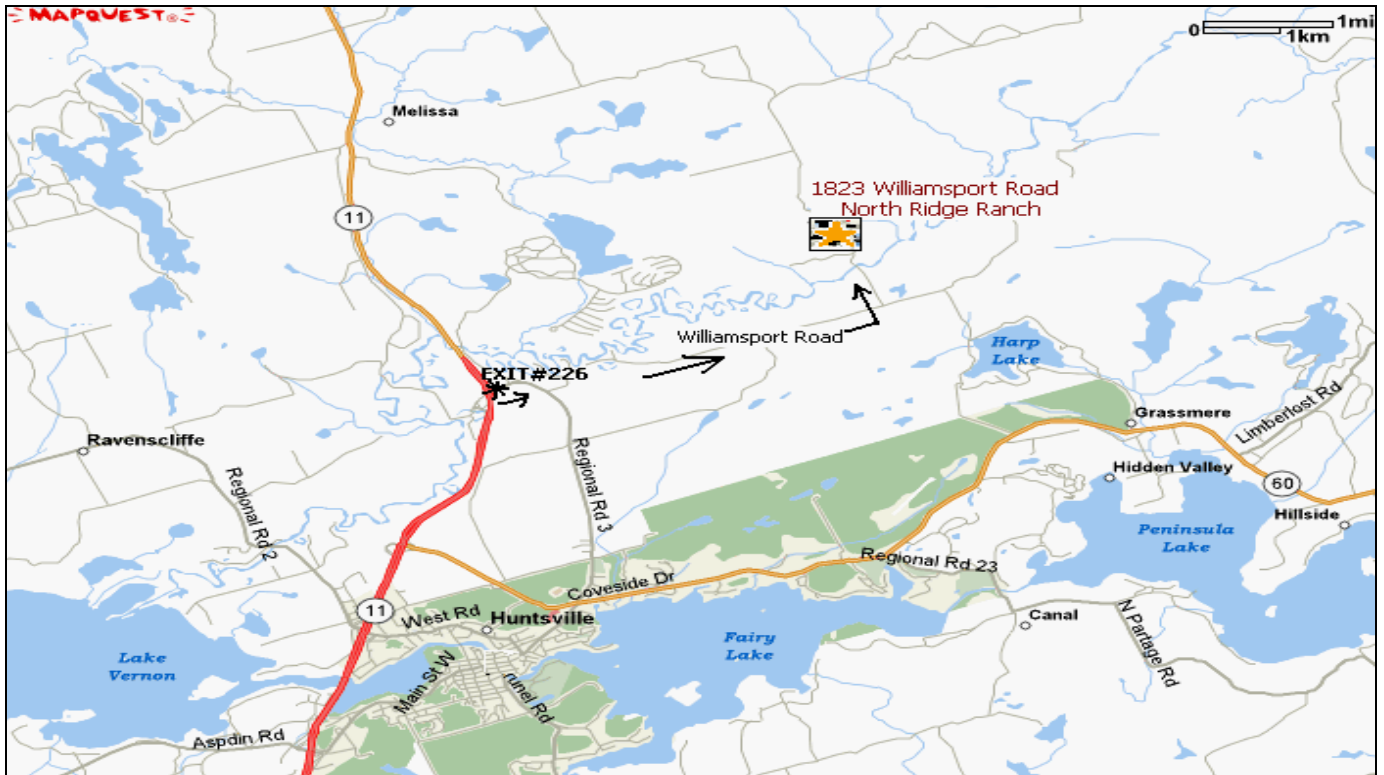

Please follow these directions accordingly:

- From Toronto or any other Southern city follow major Highway routes and join up with HWY 400.
- Follow HWY 400 through to Highway 11 north.
- Follow Highway 11 north and go **past** Highway 60 (north of Huntsville).
- Exit at Muskoka Road #3 (**Exit #226**) and turn right. Note that there is another Muskoka Rd. #3 south of Highway 60, so if you are coming north from Toronto, it will be the **second one** you come to. **Look for the Exit #226. Get off Hwy 11 at Exit#226.**
- After driving on Muskoka Road #3 (Exit#226) drive 1.6 km and turn left onto Williamsport Rd.
- Keep following Williamsport Road until you hit Bowyer Road, it will look like the road ends here but it actually keeps going just make sure you stay and keep to the RIGHT.
- After about 2km or so the road branches off again. Stay on the left branch this time (still Williamsport Rd.). The right branch will be called Harp Ena Dr.
- 3 km after that you will see Northridge Ranch on your right hand side. It is the last house on the road on your right hand side with a sign out front that will say "North Ridge ranch. #1823 Williamsport Rd. Please walk down the path to the left of the house towards the meeting spot, you will see or should see Brad there harnessing the dogs, if you don't see Brad there please wait by the house.

					Deodorant	O	O	O	O
					Toilet Tissue/Kleenex	Y	Y	Y	O
					Medication/headache tablets	O	O	O	O

Please make sure to dress for the weather. If you have any doubts about what to wear be sure to ask us. It is better to come over-packed/over-prepared than to find out on the trail that the extra sweater you were "thinking" of bringing could have come in hand. It is your responsibility to dress well. We recommend you bringing a change of clothes for your drive back home especially if you are coming out for just a day. A hat, a scarf and windproof/waterproof gloves are a must. You will be happy you brought them.

See you soon and get ready for a winter adventure like no other before! =)
